High-Cost Universal Service Support - WC Docket No. 05-337

A National Broadband Plan for Our Future – GN Docket No. 09-51.

Dear Ms. Dortch:

On Thursday, May 12, 2011, Karen Perry (on behalf of the Bill & Melinda Gates Foundation) and the undersigned (on behalf of the SHLB Coalition) met with Carol Mattey, Patrick Halley, Alex Minard, and Amy Bender of the Wireline Competition Bureau to discuss the proceedings above. We discussed the importance of ensuring that community anchor institutions are provided affordable, high-capacity broadband in high-cost areas. We discussed what levels of broadband service are needed by community anchor institutions, how to design the rules so that recipients of Connect America Fund support could use that support to deploy greater broadband to anchor institutions, and how to define an "anchor institution."

Sincerely,

John Windhausen, Jr.
